About the Seminar

Jawaharlal Nehru Teacher's Training College, Lakhawa, Kota (Raj.) is organizing one day seminar titled “**Indian Knowledge System: NEP 2020 and Teacher Education**” on 4 March 2025.

The Indian knowledge tradition includes knowledge of science and philosophy of life. These have evolved from experience, observation, experimentation and rigorous analysis. Indian Knowledge System is a symbol of wisdom in which there is a wonderful coordination of knowledge and science, worldly and supernatural, karma and dharma and enjoyment and renunciation. Indian Knowledge tradition has made the society capable, prosperous, cultured and based on values.

The seminar aims to explore the profound connections between Indian Knowledge System various aspects of Indian cultural and educational frameworks in Teacher Education. This seminar will highlight the importance of Indian Knowledge System to maintain the rich cultural heritage of India and their relevance in contemporary education and society. The seminar will also discuss why NEP 2020 has considered it important. Under the NEP 2020, Indian knowledge tradition has been included in the education system. Teachers are being trained to incorporate the Indian knowledge tradition into life and conduct.
